Hello everyone , I'm Kirin .

Raphael: Hello everyone , I'm Raphael .

Kirin: Welcome to Taiwan and our progressive course teaching Mandarin Chinese . What are we studying today ?

Raphael: Today we are going to review a few words from level four . Let's listen to today's dialogue at normal speed .

Cindy: Looking at the traffic everyday , really makes me feel irritated . As well, the traffic around here seems to be getting worse .

Yann: This is exactly why I enjoy working at home very much .

Cindy: What, when did you start to work at home ?

Yann: I only started a few days ago . Actually, this company is in another country .

Cindy: How is that possible ? You work in another country ? I don't understand .

Yann: I found this job on the internet . At first, I used email to send them my resume . As well, their way of interviewing me was quite special , they used an internet telephone to interview me . Later, I was hired . I now have to visit their website everyday to do my work .

Cindy: Wow, how convenient ! I just heard about this on the news last week . It seems that recently more and more people are working on the internet .

Yann: That's right . I really think it's great ! This way the cars and motorcycles out on the street will slowly decrease , so there will be less chance of traffic . As well, we won't have to go to the gas station office to fill up gas .

Cindy: So doesn't your boss need to train you first ?

Yann: Since I already have some experience working on the internet , according to me this job isn't difficult at all . As well, I like the work environment very much . But they still have three months of probation .

Cindy: Hmm, I see . Hope you succeed !

Yann: Thanks .
