那你的老闆不需要先训练你吗?

Nà nǐde lǎobǎn bù xūyào xiān xùnliàn nǐ ma?

L 239 Notes (Simplified / Traditional)

1. Shòubùliǎo is used differently in Chinese than in English, as seen in the sentence Tiāntiān kàndào wàimiàn dǔchē zhēnde hěn ràng wǒ shòubùliǎo.

Shòubùliǎo 受不了/ 受不了 To can't stand

Tiāntiān kàndào wàimiàn dǔchē zhēnde hěn ràng wǒ shòubùliǎo

天天看到外面堵车真的很让我受不了/天天看到外面堵車真的很讓我受不了

Looking at the traffic everyday really makes me feel irritated.

2. The cái in Zuìjìn jǐ tiān cái kāishǐ de emphasizes that the time being described (a few days ago) is less than might be expected. We can see it used in the same way in the sentence Wǒ shàngge lǐbài cái cóng xīnwén shàng tīng dào zhège xiāoxí.

Zuìjìn jǐ tiān cái kāishǐ de

最近几天才开始的/最近幾天才開始的

I only started a few days ago

Wǒ shàngge lǐbài cái cóng xīnwén shàng tīng dào zhège xiāoxí.

我上个礼拜才从新闻上听到这个消息./ 我上個禮拜才從新聞上聽到這個消息

- .I just heard about this on the news last week
- **3.** Note the construction of the following sentence: Yī kāishǐ, wǒ yòng diànzǐ yóujiàn bǎ wǒde lǚlìbiǎo jì gĕi tāmen . The literal meaning is "In the beginning, I used email to take my resume, mail give to them."

Yī kāishĭ, wŏ yòng diànzĭ yóujiàn bă wŏde lŭlibiǎo jì gĕi tāmen

一开始,我用电子邮件把我的履历表寄给他们/一開始,我用電子郵件把我的履歷 表寄給他們

At first, I used email to send them my resume

4. The jiù in the following sentences both emphasize the direct relation between the results (less cars and motorcycles on the street, and less chance of traffic) and the original condition (if more people work from home).

Zhè yàng wàimiàn lù shàng de chēzi gēn mótuōchē jiù huì biàn de yuèláiyuè shǎo , suŏyǐ dǔchē de jīhuì yĕ jiù biàn xiǎo le .

这样外面路上的车子跟摩托车就会变得越来越少,所以堵车的机会也就变小了/ 這樣外面路上的車子跟摩托車就會變得越來越少,所以堵車的機會也就變小了

This way the cars and motorcycles out on the street will slowly decrease, so there will be less chance of traffic

5. As has been explained before, bing is used to emphasize a statement that is opposite from what might be expected. We see it used in suŏyĭ zhège gōngzuò duì wŏ lái shuō bìng bù nán, where the speaker is stressing that the job is less difficult than might be expected.

suǒyǐ zhège gōngzuò duì wǒ lái shuō bìng bù nán

所以这个工作对我来说并不难 / 所以這個工作對我來說並不難 according to me this job isn't difficult at all
