Kirin: Chinese Learn Online lesson 249 .

Hello everyone , I am Teacher Yang .

Raphael: Hello everyone , I am Teacher Lai .

Adam: And hello, I'm Adam.

Kirin: Welcome to our learning Chinese course .

Raphael: Two lessons ago , we listened to an article that introduced video game consoles . In the article , it said that these days there are many parents who don't like their children playing video games . So today in addition to discussing school , we will also discuss what other activities students can do after finishing class . Today's first new word is

Kirin: Talent / Ability .

Adam: Talent or ability.

Raphael: Most parents , hope that they can quickly figure out their childrens' talents or abilities , this way they can train them from an early age , letting them become better and more capable than others .

Kirin: So do you think that everyone has their own ability that they are best at ?

Raphael: According to me , everyone has one . It just depends on whether you have figured it out for yourself or not . In today's lesson , we are going to learn the names of some talents and abilities . The first one is

Kirin: To draw pictures .

Adam: To draw pictures.

Raphael: Some people really know how to draw .

Kirin: That's right . But I think the pictures that I draw aren't good looking at all .

Raphael: That's okay , we still have other abilities . The next ability we're going to introduce , is related to music . For example many people really know how to sing . There are

also people who can play musical instruments .

Adam: Musical instrument.

Kirin: Some people are even more talented , they can sing , while playing an instrument .

Raphael: Wow, I've known you for so long , how come I never found out that you have this ability ?

Kirin: Not me, I don't play any instruments . As well, when I sing , the people listening will immediately leave . How about you ?

Raphael: I can really sing well . Would you like to hear me sing ?

Kirin: I don't have any interest in that . As well, I think everyone has already heard you sing . So I think it would be enough if you just continued to teach us Chinese .

Raphael: Fine then . Let's take a look at some examples of musical instruments .

Kirin: Piano .

Adam: Piano.

Kirin: Guitar .

Adam: Guitar.

Raphael: On our website , we will give you some examples of other musical instruments . Ok, our next new word is

Kirin: For example Michael Jackson can not only sing , he can also dance really well .

Raphael: You are right . If I see that a woman can really dance , I'll feel that she's great . Now what other abilities do people have ?

Kirin: Some people's talents are in sports . For example during the Olympics , we can see people from many different countries competing against each other , it's definitely fun to watch .

Raphael: You're right . Are there any other abilities that we should introduce ?

Kirin: Yes . For example some people can really cook very well , fix things etc ...
