Kirin: Chinese Learn Online lesson 338 .

Hello everyone , I am Teacher Yang .

Hugo: Hello everyone , I am Teacher Luo .

Adam: And hello, I'm Adam.

Kirin: Welcome to our learning Chinese course .

Hugo: Two lessons ago , we discussed different activities that can be done on vacations . Now in today's lesson , we are going to discuss vacations , and where you can go and what you choices you may have . Now when you plan a trip abroad , what is the first thing you should do ?

Kirin: You should buy your plane ticket .

Hugo: Right . Now when you book your plane ticket , what do you choose ?

Kirin: Airline company .

Adam: Literally, that means “airline company.”

Hugo: So you can see which airline company's schedule is most suitable for you . As well as which company's price is cheaper . Now after you reach the place you want to go , what do you need ?

Kirin: Hotel .

Hugo: Hotel is the same as hotel .

Adam: Hotel.

Hugo: Now when you choose a hotel , you have to first see what your budget is . Of course more expensive hotels may be more comfortable , and their facilities may be better . Now when you book a room , the clerk will ask you what kind of room you want to book . What choices do we have here ?

Kirin: Normally a hotel's least expensive room is called their standard room . They also have a more expensive room which is called ... deluxe .

Adam: Luxurious, or in this case, deluxe.

Hugo: So living in a deluxe type of room may be more comfortable . They may also ask you a question regarding the bed . If it's only one person sleeping , this type of bed is called ...

Kirin: Single bed .

Adam: Literally, that's "single person bed", or "single bed."

Hugo: Now a bed that two people can sleep in is called ...

Kirin: Double bed .

Adam: Literally, that's "pair person bed", or "double bed."

Hugo: Very good . Now some hotels' breakfasts and use of internet are also free , so when you book a room, you should clearly ask . Then there are also some other expenses to pay for , such as service fees or parking fees . Now after you have booked your plane tickets and hotel , what else do we have to prepare ?

Kirin: You have to see what activities you are planning to do in that country . If you're going to a place to look for a friend , you might need to rent a car , or drive your car there . So you have to first look up some information .

Hugo: Right . As well, if you want to drive yourself , you should probably take some local maps and information with you , so that you won't get lost . So when going abroad for travel, you have to pay attention to many aspects .

Kirin: That's right . So if you feel this is too troublesome , you can look for a travel agent to help you arrange these matters . This way you can enjoy your vacation properly , and not have to worry about other things .

Hugo. This is a great suggestion . As well, if you book your plane ticket and hotel from the same travel agent , then your price may be cheaper .

Kirin: That's right . Another thing you have to pay attention to is the season .

Hugo: What do you mean ?

Kirin: Every airline company releases different schedules for different seasons . For example, during the summer , if you want to travel to a place by the sea , it might be more expensive . But if you go there a bit earlier , the price of the ticket might be cheaper .

Hugo: Oh, so this is a question of supply and demand . So it's best to go when demand is low .

Kirin: Correct .

Hugo: Ok, let's take a moment to review the new words taught today .
