Adam: And hello, I'm Adam.

Kirin: Welcome to our learning Chinese course .

Raphael: In today's lesson , we are going to use a new way to teach you . Normally we first teach you some new words , and then give you an article or conversation to review these words . But today we are going to first listen to a story , and then use the next lesson to discuss the content of this story . Now today we are also going to see a few new words .

Kirin: Stewardess / Female flight attendant .

Adam: Literally that's "Sky middle young lady," which refers to a "stewardess" or "female flight attendant." Many times this is reduced to

Kirin: Female flight attendant .

Raphael: We then have ...

Kirin: Writer .

Adam: Writer.

Raphael: Let's first listen to today's story at a normal speed .

Kirin: Sometime back, there was a young lady named Little Li , she grew up in a small town in China . She really liked reading English novels and watching Hollywood movies . Her dream was that she hoped that one day in the future she could travel abroad . But her mom always asked her to stop dreaming , and to just focus on studying . But Little Li didn't give up her dream , and decided to go to an international airline company and apply for a job as a flight attendant . Unfortunately, after applying she found out that she wasn't tall enough , so she couldn't be hired as a flight attendant . Later she decided to become a writer . This way she could travel , while writing down her travel experiences . But since she didn't have any money to buy a plane ticket , she ended up becoming an English teacher at a local school . But yet she still didn't give

up her dreams , and instead focused on saving her money , hoping that one day she would become a successful writer .
