Cindy: Long time no see . How was your summer trip to Europe ?

Yann: Extremely fun . Apart from visiting many interesting museums , I also used the travel time to study many foreign languages .

Cindy: I really envy you . This isn't like my having to work all day in the same job , not able to go anywhere .

Yann: Oh, I just realized , you were working at the restaurant near the school . How was that ? Was everything good ?

Cindy: I think it was pretty good . Even though I couldn't go have fun everywhere like you , I just had to stay at the restaurant , as customers automatically came in . So I got to know a lot of new friends .

Yann: Sounds like our summer vacations were both fulfilling . I got to have more travel experience , you also increased your work experience .

Cindy: Yes . That's right , when are you going to show me the pictures you took in Europe ?

Yann: No problem . Wait till I sort out the pictures, then I'll show them to you .

Raphael: Let's now explain today's dialogue . The first line was ...

Kirin: Long time no see . How was your summer trip to Europe ?

Raphael: The man in the dialogue , went traveling on his own to Europe, during the summer vacation , and hasn't seen his friend for a long time , which is why this woman says "long time no see" to him , and asks how his traveling was . The man then replies

Kirin: Extremely fun . Apart from visiting many interesting museums , I also used the travel time to study many foreign languages .

Raphael: Her friend had a great time , visiting many interesting museums . As well, since in other countries you have to use local languages to communicate with others , the man also used his travel opportunities to study many foreign languages . His friend then said

Kirin: I really envy you . This isn't like my having to work all day in the same job , not able to go anywhere .

Raphael: Since the woman in the dialogue had to use her summer vacation to earn money from working part time , and had to work all day , she wasn't able to go anywhere , she was envious of her friend being able to go traveling to Europe . Next, the man said

Kirin: Oh, I just realized , you were working at the restaurant near the school . How was that ? Was everything good ?

Raphael: When he heard his friend talk, he suddenly realized , that during the summer vacation, his friend was working at the restaurant near school , so he asked her how her job situation was . The woman then replied

Kirin: I think it was pretty good . Even though I couldn't go have fun everywhere like you , I just had to stay at the restaurant , as customers automatically came in . So I got to know a lot of new friends .

Raphael: This woman felt that working at the restaurant actually wasn't that bad , although she couldn't go anywhere for fun , since there were customers coming to eat at the restaurant everyday , she also became friends with many customers . The man then said

Kirin: Sounds like our summer vacations were both fulfilling . I got to have more travel experience , you also increased your work experience .

Raphael: This man felt that both he and his friend didn't waste any time this summer vacation , and did many things , and their lives were both quite fulfilling . Apart from his travel experience increasing , his friend also received more work experience . The woman finally said

Kirin: Yes . That's right , when are you going to show me the pictures you took in Europe ?

Raphael: This woman felt that what her friend said was correct . She then suddenly realized that when you go out for travels, you will definitely take a lot of pictures , so she asked her friend when she could see those pictures . The man then ends off by saying

Kirin: No problem . Wait till I sort out the pictures, then I'll show them to you .

Raphael: The man probably took too many pictures , and needs some time to arrange them , and wants to wait till he has finished tidying them up , before showing them to his friend . Ok, let's listen again to this dialogue at a normal speed .
