

Complete Lesson Transcript – Lesson 420 [English]

Kirin: Chinese Learn Online lesson 420 .

Hello everyone , I am Teacher Yang .

Raphael: Hello everyone , I am Teacher Lai .

Kirin: Welcome to our learning Chinese course .

Raphael: The country we want to introduce today is France . Let's first listen to today's article at a normal speed .

Kirin: France is in the western side of Europe , the area is more than 550 000 square kilometers . Its population is more than 65 million people . France has 26 districts , which are further divided into 100 departments . France's eastern and western area are all plains , the southern and south eastern areas have tall mountains . France's government has had a large effect on the development of its economy . France uses fruits for the manufacturing of wine as well as cheese these both represent France's agricultural produce , not only are there many types, all with great quality , they are also exported worldwide to many countries . In the aspect of technology, France has also expressed itself very well , it has progressed more than other countries and has a faster railway system . France's culture has many aspects . From the 13th century on , it has continuously been one of the world's cultural centers . But after many centuries , and many events happening , traditional culture has slowly been influenced by other cultures . The capital Paris is the first choice of tourists traveling to France , no matter whether it's delicacies, fashion, artwork or buildings , you will have to take your time visiting the local museums and spend one or two weeks doing so . People interested in red wine can choose to go to areas that make red wine and see for themselves the manufacturing process . Those who like hiking can choose to go to the high mountains in the south eastern area . At the highest peak, one can appreciate the beautiful scenery , while drinking French coffee , this is really an enjoyable moment for all .

Raphael: Let's listen again to this article at a slowed down speed .

Kirin: France is in the western side of Europe , the area is more than 550 000 square kilometers . Its population is more than 65 million people . France has 26 districts , which are further divided into 100 departments . France's eastern and western area are all plains , the southern and south eastern areas have tall mountains . France's government has had a large effect on the development of its economy . France uses fruits for the

manufacturing of wine as well as cheese these both represent France's agricultural produce , not only are there many types, all with great quality , they are also exported worldwide to many countries . In the aspect of technology, France has also expressed itself very well , it has progressed more than other countries and has a faster railway system . France's culture has many aspects . From the 13th century on , it has continuously been one of the world's cultural centers . But after many centuries , and many events happening , traditional culture has slowly been influenced by other cultures . The capital Paris is the first choice of tourists traveling to France , no matter whether it's delicacies, fashion, artwork or buildings , you will have to take your time visiting the local museums and spend one or two weeks doing so . People interested in red wine can choose to go to areas that make red wine and see for themselves the manufacturing process .
